

Six Major National Government News Media Visited China Shineway to Interview on its Strong Quality Management

Six major national government news media, including China Daily (人民日報), CCTV (中央電視台), China National Radio (中央人民廣播電台), Xin Hua News Agency (新華社), Economic Daily (經濟日報) and Guang Ming Daily (光明日報) jointly visited China Shineway recently to interview about the Company's superb medicine quality and the business development under its strong quality management.

The news media group visit endorses China Shineway's leading position in medicine quality management in China and also symbolizes the country's emphasis on promoting healthy development of the pharmaceutical industry.

The news media will broadcast or publish their reports of the visit on 7th-8th of September.

China Shineway Held its First Foreign Country Promotion Conference in Vietnam

A product promotion conference for Wu Fu Xin Nao Qing soft capsule was recently held in Vietnam. This is the first time for China Shineway to hold product promotion conference outside of China.

Wu Fu Xin Nao Qing soft capsule is now covered by the insurance catalogues of Vietnam and increasing presence of the product would benefit the company's export sales.

China Shineway Received Three Patent Awards

In the 3rd China International Patents and Famous Brand Conference held by the Department of Intellectual Properties, China Shineway received Gold Awards for its three patents on medicine formulae and compounds.
