

Twenty-Six Shineway Products Claimed Success on the Medicine Procurement Bidding of the Guangdong Province

Recently, twenty-six products of China Shineway successfully won the bidding on the new “Guangdong Province Medicine Procurement Bidding System”. During the bidding process, pharmaceutical manufacturers from all over the country competed on medicine prices through an unique tendering platform. Shineway’s successes in the bidding provide a strong foothold for the sales of Shineway’s products in the Guangdong province and further reinforces these products’ competitive advantages.

Model Enterprise of Quality & Integrity in China Pharmaceutical Industry

The China Quality Association for Pharmaceuticals recently announced the first group of “Model Enterprise of Quality & Integrity in China Pharmaceutical Industry”. Only 13 pharmaceutical companies including China Shineway were named. The compliment serves to promote high integrity and quality standards, and to encourage pharmaceutical companies to continuously improve on quality and safety of medicines.

Establishment of Chinese Medicine Inter-Ministry Task Force

The State Council of China recently approved the establishment of Chinese Medicine Inter-Ministry Task Force and determined to increase investments in Chinese medicine in the next five years. Members of the Task Force will consist of representatives from 15 ministries, including the Ministry of Science and Technology, Ministry of Finance and Ministry of Commerce, etc. Members of the Task Force will focus on studying the establishment of elite Chinese medicine hospitals, and to ensure implementation of projects in the application of advantages of Chinese medicine.
