

Shineway's oral form production facilities passed GMP inspection

Shineway's oral form production facilities recently passed the on site inspection of GMP standards.

This onsite inspection of GMP standards encompassed 5 dosage forms including granules, tablets, capsules, pills and oral liquid.

Shineway received patent sponsorship for its Yishen Jianyao Oral Liquid

Recently, the invention patent of Shineway Yishen Jianyao Oral Liquid received a patent sponsorship by Shijiazhuang Intellectual Property Office.

Yishen Jianyao Oral Liquid serves to strengthen the health of kidney and improve circulation of lymph. It also has excellent efficacy in the treatment of prostatic hyperplasia. Shineway obtained the invention patent of Yishen Jianyao Oral Liquid in March 2007 from the State Intellectual Property Office of PRC.
