

Renewal of GMP certificates for 5 oral dosage forms completed

Recently, China Shineway officially passed the GMP certificate renewal for five oral dosage forms including granule, pallet, capsule, pills and oral liquid.

The GMP certificates for these five oral dosage forms are up for renewal in January 2008. In compliance to the relevant regulations, China Shineway renewed the GMP certificates within six months before the renewal date. The renewed GMP certificates for the five aforementioned dosage forms will be valid for 5 years.

Three products of China Shineway earned customer satisfaction recognition

Recently, the Association For Quality and the Society of Consumer Affair of Hebei Province issued a list honoring products of 2007 with superb customer satisfaction. Three China Shineway's products including Wu Fu Xin Nao Qing Soft Capsules, Huo Xiang Zheng Qi Soft Capsules and Qing Kai Ling Soft Capsules are included in the honor list.

China Shineway has been developing innovations to enhance customer satisfaction, product quality and service quality continuously. Our efforts are widely recognized by the general public and level of customer satisfaction and market competitiveness have also kept rising.
