

China Shineway was selected as a “Top 100 Pharmaceutical Company” in China again

China Shineway was selected as one of the “Top 100 Pharmaceutical Companies of China” again. We were also the only pharmaceutical company that received the honor as one of the five “Invincible” companies in the ranking.

The selection of Top 100 Pharmaceutical Companies of China has been organized by the Southern Medical Economic Institute of State Food and Drugs Administration since 2005. With reference to financial indicators such as growth in sales and operating margin, the Institute further selected the first batch of “Invincible” companies in this year. Shineway Pharmaceutical is the only Chinese medicine enterprise among the five “Invincible” companies.
